I'm doing an EPA briefing the morning of May 17th and the morning of May 18th is an ATSAC meeting. The afternoon of May 17th is possible but I usually like to keep that open to deal with any last minute ATSAC-related issues.

Subject: Technical Meeting on Modeling Approaches

As follow-up to our May 2nd modeling meeting, I want to schedule a meeting with the LWG to (hopefully) resolve the differences

(b) (6) because (b) (6) and because of meetings Monday and Tuesday next week, I would like to have this meeting next Wednesday (May 17th) or Thursday (May 18th) morning. Please confirm what times work for you. I will then finalize something with the LWG.

Thanks, Eric
